

**DELAWARE WRAPS COST-SHARE PRACTICES AND RATES**  
**SFY2019 (July 1, 2018 - June 30, 2019)**

Practice	NRCS Code/other	Maximum Cost-Share**	Cropland Priority Area	Livestock Priority Area	Gully Priority Area	Notes
Constructed wetland*	656	60%		x		In conjunction with other livestock practices
Cover Crops	Other (see notes)	70%	x	x	x	Utilize Midwest Cover Crop Council guidance for cover crop establishment
Critical area planting	342	70%	x	x	x	
Diversion	362	50%	x	x	x	Subject to similar restrictions as tile outlet terraces (see Terraces)
Feeding site/pen relocation*	KDHE/KSRE	60%	x	x		Includes feeding pads, fencing, watering facilities, etc.
Fencing*	382	60%	x	x		Riparian exclusion; rotational grazing
Forage & biomass planting	512	70%	x			For cropland conversion
Grade stabilization structure	410	50%	x		x	
Grassed waterway (new or rebuilt)	412	70%	x		x**	Tree removal not eligible; **must address riparian gully erosion
Heavy use area protection*	561/KSRE	60%		x		
Off-stream watering facility*	614/KSRE	60%		x		For alternative water supply development
Livestock pipeline*	516	60%		x		For alternative water supply development
Pumping plant for water supply*	533	60%		x		
Range planting	550	80%	x			For cropland conversion
Residue/Tillage Management, No-Till	329	\$10/ac	x			
Riparian forest buffer	391	80%	x	x	x	
Rotational grazing systems*	KSRE	60%		x		
Spring development*	574	60%		x		For alternative water supply development
Stream crossing*	578	60%		x		For "Hardened" watering points
Streambank stabilization	KFS	70%	x	x	x	Cedar tree revetments and similar nonstructural practices; other state funding to be used for larger streambank projects
Terraces (tile or gradient)	600	50% (\$1.00/linear ft. max)	x			Continuous no-till required on affected fields; \$5k cost-share cap on eligible tile outlet terrace projects with treatment/stable outlet; no cost-share on pipe-related expenses; other limitations apply
Tree and shrub establishment	612	80%	x			
Underground outlet	620	50%	x		x	In conjunction with water & sediment control basin only (not eligible on tile outlet terraces or diversions).
Vegetative filter strip*	393	80%	x	x		
Water well*	642	60%		x		
Water & sediment control basin	638	50%	x		x	
Wetland creation	658	80%	x		x	
Wetland restoration	657	80%	x			
Windbreak establishment*	680	60%		x		In conjunction with livestock project

**Notes:** \*Livestock practices must be part of a livestock management plan prepared by a WRAPS Service Provider (e.g. KSRE, NRCS/Conservation District)

\*\*Cost-share rate is based on county average costs. Actual rate may be less if project components exceed county average costs.
